

KENZA Pure Hair Treatment oil product is incredible! I have an uncontrollable amount of frizz plus hair getting dryer by the minute. After my first ½ hour treatment there was an enormous change. No frizz, nothing but shine and the appearance of a thick head of healthy hair! I never thought I would see this in my lifetime! Having tried other "Argan"-based oils on my hair that claimed to be pure, I gave up as I usually ended up with such a "gummy" feeling and could not get a comb through. No more! Thank you KENZA International Beauty and thank you Khadija - your products are amazing!
