

KENZA “be generously beautiful”™ - Testimonials

I just had to let you know how much I have been enjoying both the KENZA Pure Argan oil and KENZA Pure Prickly Pear Oil.

Since using both KENZA Pure Argan oil and t KENZA Pure Prickly Pear Oil I can't believe how hydrated my skin is now. The oil is remarkably lightweight which makes it easily absorbed into the skin without leaving an oily residue. It is the most effective moisturizer I have ever used. I love to use the KENZA Pure Argan oil on my skin before applying foundation because the foundation goes on so much smoother and looks so much more natural.

I have been using the KENZA Pure Prickly Pear oil at night before going to bed and it has improved my facial firmness, elasticity and skin texture. I am amazed at how much smaller my pores are now. Family and friends have commented on how clear and smooth my skin looks. I honestly won't buy any other facial products now!!

Please get that website up and running so I can order some more!!
Thank You.
